

COG NOMINATION FORM – 2023

NUCLEAR PROFESSIONAL DEVELOPMENT SEMINAR (NPDS)

Learning & Development Program

Candidate Selection Criteria

Managers nominated should be recognized leaders in the operations, engineering, maintenance and support organizations and have potential for promotion to higher levels of management. The operations, maintenance, engineering and production support manager is the most senior manager responsible for a particular discipline. We also encourage middle managers who are suppliers to the nuclear industry to attend.

Program Principles

This class will be comprised of 17 to 20 participants. We will attempt to enroll equal participation of Shift Managers, Maintenance Managers, Technical/Engineering Managers and Production Support Managers.

2023 COG NPDS Program Date and Cost

NPDS 2023-1: April 30 – May 19, 2023
